

Leonard Susskind

Felix Bloch Professor, Director of the Stanford Institute for Theoretical Physics, Stanford University

Lecture 1: “The Birth of the Universe and The Origin of Laws of Physics”

Monday, April 28, 2014

4:00 p.m.

Schwartz Auditorium, Rockefeller Hall

Lecture 2: “Black Holes, The Conservation of Information, and the Holographic Principle”

Wednesday, April 30, 2014

7:30 p.m.

Schwartz Auditorium, Rockefeller Hall

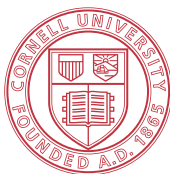

Lecture 3: “Entanglement: The Hooks that Hold Space Together”

Thursday, May 1, 2014

4:30 p.m.

Schwartz Auditorium, Rockefeller Hall
